

On June 2nd, I urge you to retain the current ownership rules. Ownership of the broadcast airwaves through radio and television stations should serve the public, rather than private interest. I oppose a vote that leads to more media consolidation.

A strong democracy needs a free and diverse press. This is one situation where government regulation is helpful and needed to preserve the public's constitutional right of free speech. Please do not abridge that right by allowing media conglomerates to own multiple stations in one market.

Thank you very much.

Sincerely,

James B. Bronk
